

# SOFT ARMOR

## WARRIOR ARMOR® SOFT BLANKET SHIELD

ELITE SPECIAL SERIES

### PROTECTION LEVEL

#### DURABLE PANEL COVERS

All Soft Blanket Shields are protected with a heavy-duty nylon or polyester cover which makes them ideal for indoor or outdoor use. The ballistic panels are completely encased in a waterproof sealed cover.

#### WOVEN ARAMID / POLYETHYLENE HYBRID

The Soft Blanket Shield is made with layers of both woven aramid fabric and ultra-high molecular weight polyethylene stitched together to form a certified and extensively tested ballistic "shield", which has also been tested to protect against fragmentation in accordance with MIL-STD-662F.

### FEATURES

This ultra-light weight blanket has three panel sections which folds down to 11" tall x 21" wide x .5" thick, secures with a Velcro closure and is easily carried with its reinforced handles.

- Certified NIJ level IIIA
- **WEIGHT:** under 7 pounds
- Water repellent
- Made from heavy-duty nylon or polyester, with sewn Velcro closures
- 4" reinforced handles for carrying easy
